SOUGHT-AFTER URBAN SETTING

NUMEROUS GREEN SPACES

The building overlooks the Parc de l'Île de la Jatte less than 100 m away and is opposite the very green Quai Charles Pasqua. Place de Seine also benefits from its immediate proximity to numerous parks and gardens located less than 3 minutes' walk away: Parc Mathilde Girault, Parc de la Planchette, Square Grissac, etc.

MANY SPORTS FACILITIES

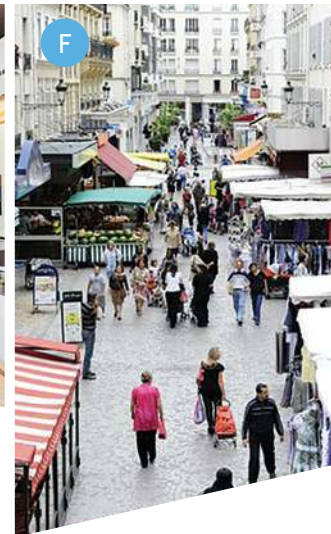

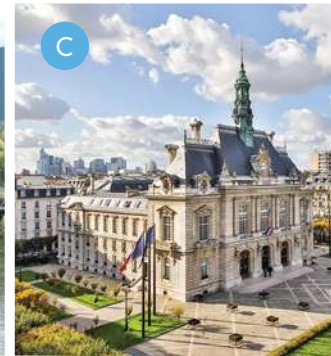

Levallois-Perret is not lacking in infrastructure with facilities including the Palais des Sports Marcel Cerdan, several gyms (FitnessPark, Basic Fit), an aquatic centre, tennis courts, a sports/hiking trail (Île de la Jatte) and access to the Seine...

DENSE RETAIL SURROUNDINGS

As well as the So Ouest shopping centre, the town has a number of retail streets with three markets, one of which has recently opened in the centre of a pedestrianised area.

A HIGH-QUALITY RESIDENTIAL AREA

Levallois-Perret is the perfect town for the future, ideal for the upper socio-professional category in the age of the home office. It is both an office hub in the extension of the Parisian CBD and a special and very upmarket residential area. The recent crossing of the €10,000/sq m barrier in the average price of housing is proof of the strong appeal of the area, which is both residential and office based: work-life balance.
