INTRODUCTION

INVESTMENT OPPORTUNITY

On the behalf of ColSun Dolce Frégate, CBRE has been appointed on an exclusive basis to advise on the sale of 100% of the shares of the owning company of the Frégate Provence Golf & Hotel (*“Project Port d’Alon”, the “Hotel”, the “Property”, the “Asset”*).

The 161-key and 4-star Frégate Provence Golf & Hotel provides an incoming investor the rare opportunity to acquire a vacant possession resort with full repositioning and rebranding potential. The Hotel is situated in Saint-Cyr-sur-Mer at the heart of the renowned Provence destination and offers exceptional views over the Mediterranean Sea.

The 11,600-sqm Asset features 100 hotel rooms, 31 apartments in La Résidence building, 15 apartments and 15 rooms in Les Bastides buildings. The Property also offers an extensive MICE capacity with 14 fully-equipped meeting rooms comprising 1,333 sqm as well as a diverse F&B supply with 5 outlets. The Hotel also accounts a wellness center offering Sothys products (two treatment rooms, a spa, a jacuzzi, a sauna, a solarium and a fitness), 5 pools, 3 outdoor tennis courts, 2 pétanque courts and the 2-track stunning Frégate Golf Club overpassing the sea.

Provence is widely acknowledged as one of the most exclusive leisure destinations in Europe. Saint-Cyr-sur-Mer stands out in the area for its prime location along the sea, its rare natural heritage (Calanques, Natural Parks, coast path) and the excellent tourism infrastructures positioning the city as a national-leading seaside resort. The proximity with Toulon (25 km) and Marseille (40 km) also allows the Hotel to be easily connected with both national and international railway networks and airports.

The Hotel

“Unique opportunity to acquire a large-scale resort unencumbered from brand and management in Provence, one of most popular tourism destinations”

INTRODUCTION

INVESTMENT HIGHLIGHTS

UNIQUE FRENCH RESORT HOTEL

Le Frigate Provence is situated on an unparalleled site on the heights of Saint-Cyr-sur-Mer, offering a breathtaking view of the Mediterranean Sea. The Property comprises 161 guestrooms and apartments, which are associated with a diversified F&B offering (two bars and three restaurants). It also boasts impressive MICE infrastructures, including 1,333 sqm of meeting rooms, views, modularity, and other facilities. The Hotel offers unique leisure facilities, including five swimming pools, spa and treatment rooms, and tennis courts. The Property is also coupled with an exceptional golf club, featuring two courses (18 and 9 holes).

BRANDING & OPERATIONAL FLEXIBILITY

The Asset can be acquired free and clear of both the brand and the management. The Asset's fully flexible operating structure provides an optimal environment for an incoming investor to implement their preferred brand and operator.

The Asset is expected to be of the world's leading hotel operators and brands, allowing for significant upside potential in performance.

QUALITY ASSET WITH VALUE CREATION POTENTIAL

The Hotel boasts excellent fundamental attributes but did not benefit from large Capex investment in the last decade.

The Property necessitates a comprehensive capital expenditure programme (Capex) which will provide the foundation for the implementation of a robust growth strategy designed to benefit the future investor.

OUTSTANDING LOCATION IN THE HEART OF PROVENCE

The Hotel Frigate Provence is conveniently situated in close proximity to the A50 highway, providing guests excellent accessibility by car from major cities such as Marseille and Toulon.

Furthermore, the Property is easily reachable from Marseille-Provence and Toulon-Hyères airports (less than an hour), offering convenient air travel connections. The Asset also offers great rail access, being less than 10 minutes away from Saint-Cyr-sur-Mer train station, served by regional trains from Toulon and Marseille.

HIGHLY DESIRABLE EUROPEAN MARKET

The Provence-Alpes-Côte d'Azur region popularity as a tourist destination drives strong demand for accommodations.

Provence's diverse attractions, including its historic cities, beautiful countryside, stunning coastline, and cultural events, draw a wide range of travelers, ensuring a steady flow of guests. The area's appeal to both domestic and international tourists further bolsters its hotel market, making it an attractive location for hospitality investments.
